cent. general mortgage bonds and Pennsylvania's offering to stockhold-ers of \$45,000,000 stock at par. It has

been generally understood for some time that these companies, as well as many other large corporations, were only awaiting an improvement in the investment demand to float new se-

curities issues. There has been some improvement in bond buying recently, but the market's absorptive power is

still limited, and in more than one in-stance underwriters have been left with large unsold balances on hand. The effect of Pennsylvania's offer was

to depress the stock 3 1-2 points to 115 1-2, the lowest figure since 1903. St. Paul's movements were narrow. The point of interest in connection with the St. Paul issue was that the

company found it necessary to pay 4 1-2 per cent., previous issues under

the general mortgage having been made at 3 1-2 and 4 per cent. St. Pau, general fours have declined two points in as many days and bankers predicted that the effect of the high rate of interest on this class of bonds would be felt by other issues of similar character.

Announcement that the attorney general was opposed to the Harriman dissolution plan which is to be pre-sen ed to the federal courts contrib-uted to the heaviness of the market,

which was manifested especially in the railroad stocks. Steal and the copper shares also were sold heavily. Bonds were under slight pressure. Total sales, par value, \$2,900,000. United States bonds were unchanged

IN MAJOR LEAGUES Formal Openings in Seven Cities Today-The "Jinx" Again With Highlanders.

New York, April 9.—Firing will begin along practically the entire line tomorrow in the major league baseball circuits. The preliminary gun in Brooklyn today was set off with a considerable boom, but the big artillery is due to get into action now. There will be formal "openings" in seven cities tomorrow afternoon, and the race for the flag in both the National and American leagues will be on in earnest

Philadelphia, which by virtue of to-day's victory over Brooklyn on the latter's new field in the only game of the day, holds undisputed possession of first place in the National league race. will have Brooklyn for an opponent again tomorrow, but with the scene of the encounter changed to the Quaker City. Here in New York the champion Giants will meet the Bostons. In the west St. Louis plays at Chicago. The Cincinnati field has been adjudged

too wet for play, and the season will not open there until Saturday. Red Sox vs. Athletics.

There was no preliminary opening in the American league, and the first games in that circuit are scheduled for tomorrow. The Boston Red Sox, the present world's champions play on their home grounds with the Philadelphia Athletics. Chance's New Yorks play in Washingon. In the other half playing in the former and Detroit in the latter city.

Aside from the enthusiasm incident to the annual opening of the season's play, varied reasons are responsible for especial interest in the showing several teams will make in tomorrow's contests. Eoston and Philadelphia are admittedly strong rivals for the Amer ican league championship; both teams are in fine fettle and a notable struggie betwen them is anticipated. The form which the National league cham-pions will show in their game with Stallings' men here is also a matter of interest. Johany Evers will make his debut as a big league manager at the head of the Cubs in the game with

St. Louis.

Jinx With New York. Frank Chance's New Yorks, pursued as in former years by the 'jinx' with several accidents to the team's main-stays already recorded, will go into its game with Washington seriously handicapped. Detroit will be without the services of its brightest star, Tyrus Cobb, who is still a holdout. In the game here Tesreau for New York and Perdue for Boston are the probable pitching selections,

The Red Sox fleided errorlessly in a biting cold. The college boys were in good form, but could not hit either O'Brien or Collins, the Boston pitchers, effectively. Murray, Holy Cross' first pitcher, was hit freely by the league batsmen, who scored all eight runs off his delivery in the first five innings.
